Mr. and Mrs. Frank McAllister of Cornish were in Lewiston on business Friday.

Mrs. Bert Lewis of Logan spent part of the week at Lewiston.

Mr. George Rawlins is slowly recovering from a severe attack of typhoid fever.

B. Y. C. NEWS

The Brigham Young College has been back in school most of its students and teachers who were caught in the recent "flu back" of the influenza.

By its cautious methods the school has been very fortunate in this last siege. Dr. Merrill has been in attendance at the school each day, getting from the teachers of theology a class and an hour when practically every student is or should be in attendance.

When the physician finds any student absent he immediately investigates the case and advises in regards to the matter.

Teachers have been careful in observing and isolating any suspicious cases. Both students and teachers have observed the regulation that individuals with any symptom remain away from school until no danger of contagion results. In spite of all this care there has been some exposure, it is true, but the majority of cases from the school trace their exposure elsewhere. The school has a smaller percentage of students who have or have had the influenza than the average for the town and have been extremely fortunate in having no fatalities. It is very probable, if the conditions continue as they have been the last few days, that practically all students will be able to be back next week.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and re constipated, you'll find quick, sure and pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night to keep right. Try them. 10c and 5c per box. All druggists.

PROVIDENCE NEWS

PROVIDENCE, March 27.—The flu situation is again improving.

Most of the flags that were up last week have been taken down, and those that have been put up are few.

Mrs. Morgan Edwards who has

ben seriously ill with the flu is recovering.

Mr. Arthur Olsen is with us again after being quarantined for several days.

Our schools are running nicely now under the half day periods. Our principal is back again and we hope that Miss Simpson will be back to take up her class next week.

Mr. Magnus Peter Bosserup who has lived at the bottom of the big lane for many years, passed away on Saturday of influenza. He will be buried at Hyrum.

The sad news comes to us from Preston of the death of Sidney Priddy. Mr. Priddy and his parents lived at the bottom of the big lane for many years. Sidney spent his school days here.

The town is now debating, discussing and trying to formulate a plan to pave the main side walks of the town. It is a question whether they should bond the town or bond the district in which they pave or bond the individuals property in doing the work. But with what plan the secure the means, we hope that we soon will be using paved sidewalks in the place of muddy paths.

The telephone company is making many repairs especially along our main street. This is improving the looks of the town, but many citizens

The Highest Class Talking Machine in the World

"Sonora"

This is the famous instrument which won the highest score for tone quality at the Panama Pacific Exposition.

The Sonora is distinguished as the instrument possessing the greatest artistic merit because of its clarity and truth of tone and its loveliness and brilliancy of expression.

The Sonora plays ALL makes of disc records perfectly without extra attachments and was the first phonograph in the world to do so.
